

Picture yourself at the finish line.

Our proven approach helps our clients accelerate achieving their financial and operational goals.

Healthcare payers face many growing challenges--revenue leakage, escalating costs of care, vendor optimization, regulatory hurdles and a dynamic consumer-driven environment. We help you to quickly cut through the complexity to identify and put focus on program areas that drive meaningful improvements in your results.

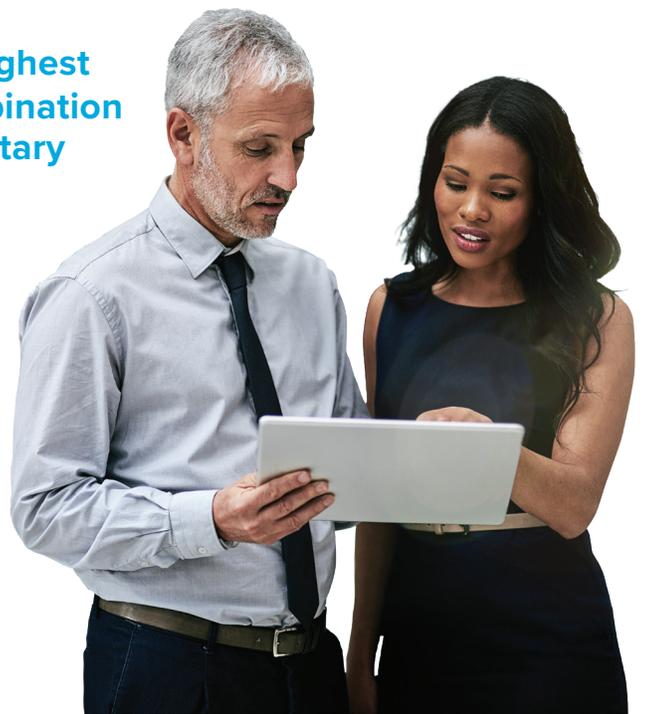

Our team of healthcare experts has the practical and relevant knowledge to drive success in multiple areas of your business. HMS is the leader in cost containment and clinical solutions for healthcare payers. We serve over 40 Medicaid agencies, 325 health plans, 150 employers and federal healthcare agencies.

Backed by expansive data, advanced technology and unparalleled experience, we examine your business against national best practices and apply focused analytics and deliver actionable plans for operational improvements - without the need for a multi-year consulting arrangement.

We help solve your toughest challenges with a combination of keen insight, proprietary data and unmatched industry expertise.

HMS Advisory helps you:

- Maximize savings and recoveries
- Enhance competitive advantage
- Apply benchmarking and best practices
- Ensure regulatory compliance
- Avoid financial penalties

Key Practice Areas
Business Optimization
Finance and Audit
Policy and Regulatory

Driven by your specific goals and objectives, we partner with your stakeholders to promote cross-functional collaboration and innovation that leads to strong results now and optimized processes for future results.

We offer three areas of service:

Business Optimization

Review core processes and results against YOY performance, goals and industry best practices to identify opportunities and risks.

- Program assessments, benchmarking, design and implementation
- Comparative plan performance and market intelligence
- Technology and workflow evaluation
- Provider engagement modeling
- Advanced analytics and reporting
- Vendor utilization/coordination
- Contract management/oversight
- Business process outsourcing

Finance and Audit

HMS financial and auditing services provide our clients the additional assurances that drive confident decisions.

- Payment accuracy
- Pre- and post-payment claims auditing
- Fraud detection
- Premium management and reconciliation
- Medicare secondary payer validation (ECRS)
- Rate setting and risk management
- Financial claiming
- FFP revenue enhancement

Policy and Regulatory

Working directly with over 40 Medicaid agencies, 325 health plans and 150 employers uniquely qualifies HMS to help clients quickly maneuver through the complex regulation maze.

- Policy research
- Regulatory Interpretation
- Government relations
- Evaluation of payment models
- Industry insight, research and white paper development

HMS is a leading healthcare analytics and technology company, helping healthcare organizations reduce costs and improve health outcomes through a broad range of coordination of benefits, payment integrity, care management and member engagement solutions.
